尊敬的各位专家、代表：

大家好！我代表国际爱国公约组织发言。期望我们推行的《国际爱国公约》倡议以及“国家发展权审议”实践，能为人权和发展权专家机制拓展新的视野。

我们认为，国家的发展权是人权保障的根本。2022年，我们提出“爱国不能牺牲他国利益”这一国际爱国理念，至今，已吸引来自全球50个国家的160多个非政府组织签约支持。本月初，我们在日内瓦审议通过了《国际爱国公约》（草案）以及IPPO关于《美国国家发展权审议报告》，开启了以《国际爱国公约》为内核、由第三方民间机构进行“国家发展权审议”的探索性实践。

《国际爱国公约》和“国家发展权审议”是IPPO 160多家联合发起机构秉持维护各国正当发展权益、尊重各国发展需求、共商共建共享的原则，推出的促进国家健康有序发展的工具。它既是平衡各国国家发展与国际合作的行动指引，也是分析特定国家发展叙事与状况、推动全球均衡发展的重要依据。它不仅能有效监督各国发展权落实情况，为评估国家发展状况提供客观依据，更是增强发展权在人权领域权重的重要途径。

我们希望《国际爱国公约》和“国家发展权审议”能成为发展权专家机制工作组未来重点研究方向之一，为全球人权和发展权事业提供借鉴，助力形成科学规范的评估体系，推动人权、发展权事业不断进步。

目前，国际爱国公约组织在推动发展权合作与实践方面进展显著。10月1日在日内瓦召开的2025年国际爱国公约组织论坛，吸引了63个国家的203家社会组织，共计511位代表报名参会，这充分证明了国际爱国公约组织已形成广泛的国际合作与国家发展权研究网络。

最后，我们希望发展权专家机制认真参考我们在实践中的经验，包括国家发展权审议机制的设计思路。期待与各方携手，共同完善国家发展权审议机制和体系建设，推动发展权全方位落实，为各国和平发展提供科学指导，助力构建更加公平、公正、包容的全球发展新秩序。

谢谢大家！

Respected experts and representatives,

Hello everyone! I am speaking on behalf of the International Patriotic Pact Organization. We hope that the initiative of the International Patriotic Pact and the practice of "Nation's Rights to Development Review" we are promoting can open up new perspectives for the expert mechanism on rights to development.

We believe that a nation's rights to development is the foundation of human rights protection. In 2022, we proposed the international patriotic concept of "love one's own country without harming other nations' interests". Up to now, it has attracted the signing support of over 160 non-governmental organizations from 50 countries around the world. Earlier this month, we reviewed and approved the (draft) International Patriotic Pact and the IPPO's Report on the Review of the Nation's Rights o Development of USA in Geneva, initiating an exploratory practice of "Nation's Rights to Development Review" by third-party civil society organizations with the International Patriotic Pact as its core.

The International Patriotic Pact and the "Nation's Rights to Development Review" are tools introduced by more than 160 joint Initiators of the IPPO to promote the healthy and orderly development of countries, adhering to the principles of safeguarding the legitimate development rights and interests of all countries, respecting their development needs, and pursuing common consultation, joint construction, and sharing. They serve not only as action guidelines for balancing national development and international cooperation among countries but also as important bases for analyzing the development narratives and situations of specific countries and promoting global balanced development. They can not only effectively supervise the implementation of nation's rights to ' development and provide objective bases for evaluating national development situations but also serve as an important means to enhance the weight of development rights in the field of human rights.

We hope that the International Patriotic Pact and the "Nation's Rghts to Development Review" can become one of the key research directions for the working group of the expert mechanism on development rights in the future, providing references for global human rights and development rights undertakings, assisting in the formation of a scientific and standardized evaluation system, and promoting the continuous progress of human rights and development rights.

Currently, the International Patriotic Pact Organization has made significant progress in promoting cooperation and practice in the field of development rights. The 2025 International Patriotic Pact Organization Forum held in Geneva on October 1st attracted 203 social organizations from 63 countries, with a total of 511 representatives signing up to participate, which fully demonstrates that the International Patriotic Pact Organization has formed an extensive international cooperation and nation's rights to development research network.

Finally, we hope that the expert mechanism on development rights will seriously consider our practical experiences, including the design of the nation's rights to development review mechanism. We look forward to working hand in hand with all parties to jointly improve the mechanism and system construction for reviewing nation's rights to development, promote the all-round implementation of development rights, provide scientific guidance for the peaceful development of all countries, and contribute to building a fairer, more just, and inclusive new global development order.

Thank you all!
